Once the ..... weeks insurance has been used it is up to you the purchaser to make sure you have pet insurance to cover any unforeseen circumstances for your puppy / dog as I can not foresee the future. It is your responsibly as the pet owner to have these things in place as I, the breeder, can not be held responsible for any health issues or accidents that may arise in the lifetime of your pup / dog.

**SECTION 6: ENDORSEMENTS**

Under Kennel Club regulations, there are two endorsements that may be placed on a dog's record, by the registered owner of a dog, whilst the dog in question is still in their possession. A breeder, therefore, is entitled to place two endorsements on a puppy's record with the Kennel Club, as explained below.

The endorsements can be lifted once the pup is 12 months old and I have seen a health vet certificate stating that the named dog above is fit and healthy enough to have a litter or to perform stud duties. If for any reason I was not able to personally lift the endorsement, I give the kennel club full permission to do so as long as a vet health certificate is presented to them stating that the dog is healthy and in a good condition.

If you have paid for pet only and not breeding rights then you will have to pay the extra for the breeding rights as I will then lift the endorsements once paid and vet certificate is shown.

Breeding rights payment of £..... is required for myself or the kennel club to lift the endorsements.

If I am no longer around then I request the breeding rights payment is paid to .....  
.....  
and a receipt is needed of proof for the endorsements to be lifted.

This Dog is subject to the following Kennel Club endorsements (*Please tick which of the following applies*):

(R) Progeny Not Eligible For Registration [ ]

(X) Not Eligible For Issue Of Export Pedigree [ ]

*If Progeny not eligible for registration:*

The Kennel Club will not register any puppies from this dog. However, it is very easy for me to lift this endorsement and I will happily do so *providing* you send me a copy of:

.....Certificate(s)

which shows a score not above the average. Any responsible breeder would not consider breeding without ensuring their animal is of sufficient quality. It is also necessary for this animal to still be owned by you.

*If Not eligible for issue of export pedigree:*

This does not stop you from taking your dog abroad. It stops the dog being registered with a foreign kennel club, therefore, making the puppy virtually worthless if bought on behalf of a buyer abroad. (Unfortunately this happens and breeders are horrified to discover their puppies have been sold on and sent to unsuitable countries). Once again, if you decide to live in another country, it is very easy for me to lift this endorsement.

If you would like either endorsement lifted, please contact me in good time.

Purchaser signature to state they fully understand that ..... endorsements have been placed on the dog named above and what is expected for the breeder or the Kennel Club to lift them.

**SECTION 7: REHOMING OF THE DOG**

The Purchaser(s) agree that if, at any stage in the Dog's life, the Purchaser(s) need to rehome the Dog, the Breeder will be the first to be informed and the Purchaser(s) will, if the Breeder requests, return the Dog to the Breeder. The Breeder will offer every reasonable assistance to find a new home.

**SECTION 8: DATE, DECLARATIONS AND SIGNATURES**

DATE OF SALE AND PURCHASE: / /

PURCHASE PRICE RECEIVED BY BREEDER: £

The dog / puppy is sold to you on the condition that he she is to be treated as a part of your family and will live in your family home as your family pet and under no conditions be made to live outside in the garden, garden shed, out side kennels or a barn.

That he/she will not be left in a cage, crate or pen for unacceptable long hours. I personally think crate training is great and serves a purpose, for the dog / pup to sleep and somewhere to be safe when you are not home, but constant use is not good for the socialization or the learning of house training.

I the purchaser will make sure that the above named dog has full access to clean water at all times during the day. And will provide a good quality food.

I the purchaser agree that the dog / pup will not be made to suffer and will seek vet treatment as and when needed.

I the purchaser fully understand and agree that if any of the above conditions are broken and the puppy/dog is found to be in a state of malnourishment, needing medical treatment or generally neglected and needing treatment that I will surrender her to the breeder named above straight away, with all documents relating to said dog and be free to the breeder.
